

Workshop

Workshop Hours

In person - 20 hours (usually divided over 2 or 3 days)

Virtual – 4 hours

Prerequisite

This workshop is designed for gospel leaders with influence over multiple networks.

Workshop Description

If you are involved in a ministry that is committed to sharing Christ and honoring life, you are encouraged to join with like-minded individuals in your region who share your heart. As a member of your community, YOU—and not a foreign organization—are the expert on your community, your city, and your country. But as a member of the body of Christ, there is encouragement and life to be found in the sharing of passions and the communication of ideas.

There will be an opportunity to collaborate with others to bring the hope of Christ to the lost of your community and to explore how LIFE International can help you fulfill the vision God has given you for your country.

Workshop Objectives

. The major objectives of the workshop are to attempt to answer the following questions:

- ✓ What are the problems that are taking value from human life?
- ✓ How are these problems being addressed in your nation?
- ✓ What work is your ministry involved with?
- ✓ What ideas can we find to address these problems together?
- ✓ How are we going to continue this conversation?

Workshop Requirements

The characteristics of a participant should include:

- Intimacy with God through a deep, personal relationship
- A heart that is teachable
- Willingness to work in a group

Attendance

- The size of the group should be limited to 12-15 participants for dialogue to be effective.
- Both men and women are welcome.
- Participants must be committed to attend all sessions (20 hours)

Venue

- A hotel or retreat setting is ideal, where participants can distance themselves from the pressures of their ministry role.

- Ideally, the meeting place and lodging will be in the same complex.

Costs

- LIFE International will cover the expenses for this gathering.
